## Happy Holidays!!

### Advanced Workshops

**Dan Fenton's** precision fusing and glory hole murrini workshop in November was a great success! We will have pictures up on the web shortly.

**Kent Lauer** is officially scheduled for two 6-person **Laminated Dichroic Sculpture** classes May 15-16 and May 17-18.

Kent creates incredible pieces by laminating dichroic glass with 3/4" architectural glass. The results are captivating pieces (usually, but not always, faceted) featuring dichroic brilliance and infinite depth created by internal reflections. We will have examples in the shop in the spring.

For more information or to sign-up go to <http://cdvkiln.com/menuworkshops.htm>

### We Have Moved

For anyone who hasn't heard, we moved to a new location on August 1<sup>st</sup>. If you need directions, go to <http://www.cdvkiln.com/BowDirections.pdf> or give us a call.

### New Products

We now offer a **Studio Set-up Kit** for beginners. A person who buys this kit will have everything necessary to make several projects. It contains a glass cutter, running and grozing pliers, cutting surface, sheet glass, dichro scrap, frit, stringers, kiln wash, fiber paper, lava cloth and much more. <http://www.cdvkiln.com/menufusingkits.htm>

### Naming Contest

The naming contest is still active. Thank you to everyone who has contributed. We have yet to find the name that really jumps out at us. All contributions are on the list. We want a fun new name that is easy to spell and remember. Logo suggestions are also welcome. Submit your entries to [cdvcom@verizon.net](mailto:cdvcom@verizon.net). The first person submitting the winning entry will receive a \$100 gift certificate from Centre De Verre.

### 2 Day Basic Fusing and Slumping Workshops

February 2 – 3      March 29 – 30      June 7 – 8
