Advanced Workshops

Kent Lauer is scheduled for two 6-person **Laminated Dichroic Sculpture** classes May 15-16 and May 17-18. This is a consistent sell-out in places like the Glass Craft Expo, Coatings by Sandberg and the Eugene Glass School. Kent creates incredible pieces by laminating dichroic glass with 3/4" architectural glass. The results are captivating pieces featuring dichroic brilliance and infinite depth created by internal reflections. We will have examples in the shop in the spring. For more information or to sign-up call us or go to <http://cdvkiln.com/menuworkshops.htm>

Pate De Verre with Sally Eyring. Tentatively scheduled for the third weekend in July. More details to follow. Sally is an accomplished glass artist in Boston who studied pate de verre under world-famous masters Kimiake and Shinichi Higuchi. She is well known throughout New England for her exquisite work and tireless involvement in the International Guild of Glass Artists.

We Have Moved (the family)

After moving the business in August, we moved our family to the bustling metropolis of Concord, NH in January. We still can't see straight, but the move saves us a combined 14 hours per week of drive time!! With two pre-school boys, we should see a dramatic improvement in quality of life – after we recover!

New Products

Better Cerium Oxide. We recently upgraded to 90W-0636 Cerium Oxide. A better product for the same price as the Liberty Cerium Oxide.

<http://www.cdvkiln.com/menugrinders.htm> - under Heavy Duty Grinders/Laps

More and Better fiber paper. We have switched the kind of fiber paper we carry due to complaints of inconsistent performance and white residue. Also –in stock now and on the web soon is the 1/32" thickness. <http://www.cdvkiln.com/menufusingsupplies.htm>

New Bullseye Colors (in stock now and on the web soon)

BE-2164 Caribbean Blue and White Streakie

BE-2304 White and Lavender Streakie

BE-1408-31 Light Aquamarine Blue Irid

BE-1437-31 Light Amber Irid

We have **four more Bullseye colors** on order. We are not going to brag in case we don't get them all, but keep an eye on the website. <http://www.cdvkiln.com/menuopalescent.htm>

Gold and "Fruit Punch" mica. As with our silver Sepp Leaf micas, we will offer these in 1/2 ounce sizes.

(in stock now and on the web soon - <http://www.cdvkiln.com/menufusingsupplies.htm>)

2 Day Basic Fusing and Slumping Workshops

For more information or to sign-up call us or go to <http://cdvkiln.com/menuworkshops.htm>

March 29 – 30

June 7 – 8

August 23 – 24

Spring Vacation

After moving the business and our family in a six-month period, we need to go to Florida from **March 12th to 19th** for vacation. It is in everyone's best interests. As we did last year, Tom will be checking e-mail and voice mail periodically and this year we will have someone shipping website orders while we are gone so web customers should see no interruption in service. The shop in New Hampshire, however, will be closed to walk-in customers, so local customers please plan around our absence. We apologize for any inconvenience this may cause.

As always, feel free to call or e-mail with any questions, comments or concerns.

Tom and Anne
