Kent Lauer
Faceted Dichroic Sculpture

May 15-16, May 17-18

Price Reduced to \$475 per Student

No Materials fee

*If we don't get more interest, we may have to cancel!
The time to order supplies and plane tickets is fast
approaching and we only have a few people signed up.*

*Those signed up already will be credited for the price reduction and refunded
in the event of cancellation.*

*I asked Kent to teach here after seeing his work in Las Vegas last year. It is
superb. Mesmerizing. This is fine art.*

*This workshop has sold out all over the country and has a long waiting list at
the Glass Craft Expo in Las Vegas. This is the only time Kent will be on the
East Coast this year.*

*The techniques covered in this class will give most artists a completely new
skill set to take their art further and in directions most will not be able to
follow.*

*Featured on two recent covers of Glass Craftsman Magazine, Kent has been
working with glass for over 30 years. Come learn from a recognized master
in the glass world.*
